Proudly Serving Richland and Wilkin Counties

Our Vision

Ambulance Service, Inc. seeks to be recognized as outstanding in all areas of patient care, community education, and as an integral member of the region's emergency and medical community.

Our "Care" Values

- To uphold the highest standards of integrity, confidentiality, professionalism, dedication, courtesy, and dignity for all we serve...24 hours a day, 7 days a week
- To earn the trust and confidence of our fellow health care professionals, emergency service providers, and the public we serve by fulfilling our potential every day
- To preserve, protect, and promote the quality of the profession we serve
- To create a safe, stimulating, and rewarding work place for our team of professionals – a place where mutual respect, gratitude, personal and professional growth is encouraged and expected
- To be sensitive to the economic and medical needs of our community, not forgetting the human aspect of our profession.

POSITION PROFILE:

Emergency Medical Technician

Breckenridge, MN

As an integral part of our established team of emergency professionals, you would provide basic and advanced life support to the ill and injured. This position reports directly to the Paramedic Location Manager. Along with excellent decision-making and organization skills, the right candidate would care for others with the highest levels of compassion and empathy.

TO APPLY:

If you are interested in this position, please send your cover letter and resume to info@asirichlandwilkin.com.

Ambulance Service, Inc. is a Minnesota and North Dakota licensed service. We provide emergency, non-emergency, and inter-facility care and transport of the sick and injured.

Our Mission

Ambulance Service, Inc. is an advanced life support pre-hospital care and medical transportation service providing the emergency and non-emergency medical needs of our region. We are devoted to providing the finest quality patient care through our team of highly-skilled professionals. We strive to maintain the highest levels of excellence in all areas of our responsibility while keeping abreast of the ever-changing aspects of our profession.
